LIBRARY ARCHIVES Kerala Legislative Assembly

HON'BLE MR. T. K. NARAYANA PILLAI: (*a*) The installed capacity of the plant is 50,000 tons of ammonium sulphate per year, which works out to an average of about 150 tons per day.

(*b*) Weekly production reports are being sent by the factory to the Industrial Liaison Officer. The quantity of ammonium sulphate produced in the month of June was 1,670.27 tons
July ,, 2,152.37 tons
August ,, 2,199.74 tons
September ,, 2,318.76 tons
October ,, 2,681.24 tons

(*c*) The ammonium sulphate production plant is now closed up for want of sufficient stock of sulphur which is expected to reach the factory within a few days. It is expected that the factory will begin production as soon as sulphur is received.

(*d*) There is no break-down of the plant at present but it is only want of the raw material, sulphur, which is necessary for the production of sulphuric acid to be used for the production of ammonium sulphate, that has necessitated the closing down.
